

Talking to people about Jesus

A framework for gospel conversations

For many years, Aussie evangelicals have been using Two Ways to Live to share the gospel of Jesus with the world. It's strengths are in its clarity to logically explain the Bible's hope in Jesus Christ and invite people to respond in repentance and faith. However, there are even more advantages in Two Ways to Live! Before we get to that, let's see what you know of Two Ways To Live. If you're new to this gospel presentation, visit www.twowaystolive.com before answering the following questions.

1. Whether you're new to TWTL or not, refresh your memory by drawing the pictures for each box. Then practice reciting the words with the person next to you.

1

4

5

6

2. See if you can summarise each TWTL box in one sentence...

Box 1 _____

Box 2 _____

Box 3 _____

Box 4 _____

Box 5 _____

Box 6 _____

3. Now try to summarise each TWTL box in one word...

Box 1 _____

Box 4 _____

Box 2 _____

Box 5 _____

Box 3 _____

Box 6 _____

4. What's the logic of the boxes? Go through each box and consider what would be missing in the logic if that box wasn't included.

5. Observe the layout of the boxes (on the next page). What's helpful in drawing the boxes in this way instead of three by three?

Notes: Take notes from your conversation here.
