# Have you met Jesus?

Jesus has to be one of the most hotly debated people of all time. During his lifetime, some thought him crazy, many questioned his origins, others feared he was a dangerous revolutionary. Despite this, Jesus became one of the most influential people of history - our dating system pivots at his birth; his teachings are quoted as social idioms; his execution is remembered around the world.

Dusting off the old book, we invite you to read the primary sources detailing Jesus' life with us. Then you can decide for yourself - is Jesus just another guy with imaginative ideas about God, or is he truly the King of the universe?

# Is there better?

We live in a comfortable place, with comfortable people, and comfortable hopes. We like surfing the waves, surfing the net, and surfing through life. But does this satisfy? What's beyond graduation, beyond the career, beyond family and a happy life? There must be something Better.

Better than living the dream, better than your secret fears, better than all you hold dear. He's wiser than Gandhi, smarter than Einstein, stronger than nature. He rules above every politician, every dictator, every power, every hero. Yet he's kind and gracious and humble. Jesus is better.

Maybe you've never read the Bible; maybe you think you've heard it all before. But why not check it out afresh. You never know, it might be better than you could ever imagine.
